

# Raising Little Women of God: Covenant Prayer

Pray this prayer before each lesson. It will remind you that this is a reverent time between you and God. Print this page out and keep it in your notebook. Copy two sets of bookmarks onto cardstock and color both sides. Laminate them together, cut out, punch a hole, and add some pretty ribbon. Use this bookmark as a place marker for your study and a handy reminder of the prayer.

## DAUGHTER COVENANT PRAYER

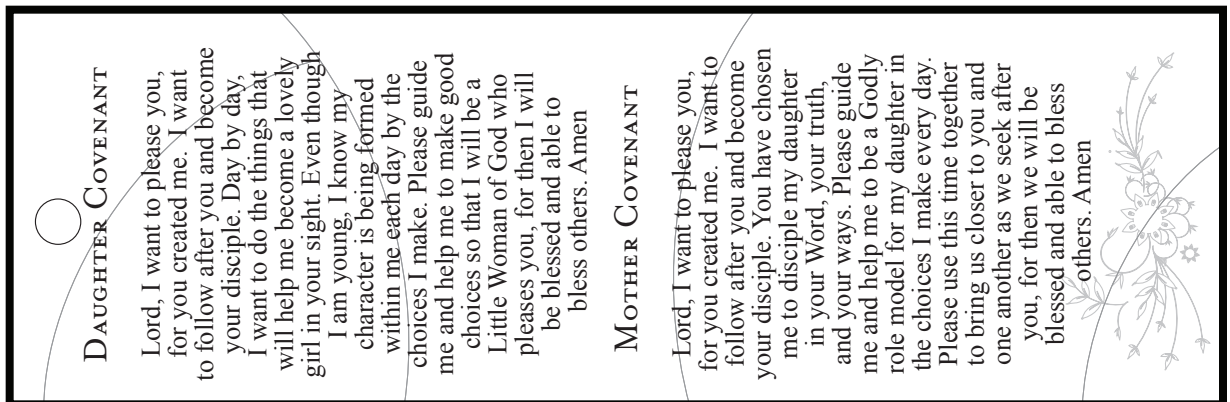

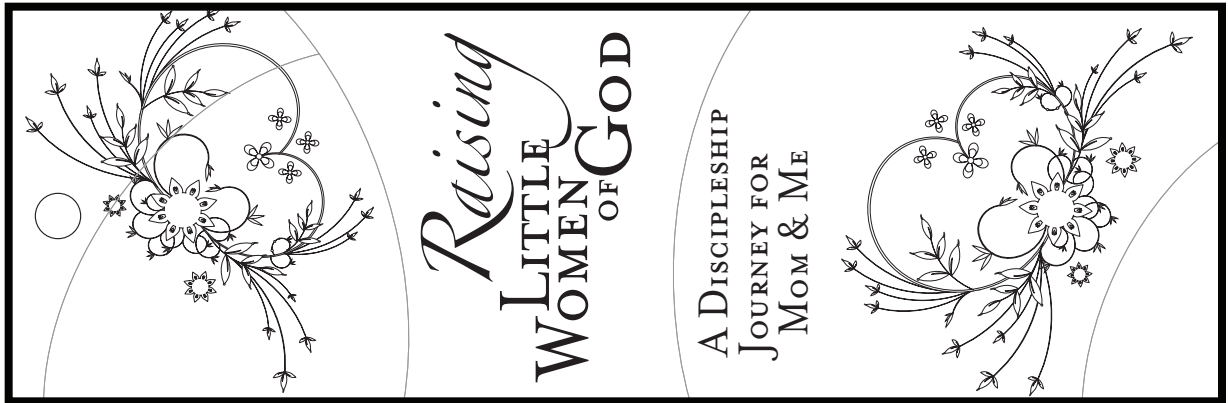

Lord, I want to please you, for you created me. I want to follow after you and become your disciple. Day by day, I want to do the things that will help me become a lovely girl in your sight. Even though I am young, I know my character is being formed within me each day by the choices I make. Please guide me and help me to make good choices so that I will be a Little Woman of God who pleases you, for then I will be blessed and able to bless others.

Amen

## MOTHER COVENANT PRAYER

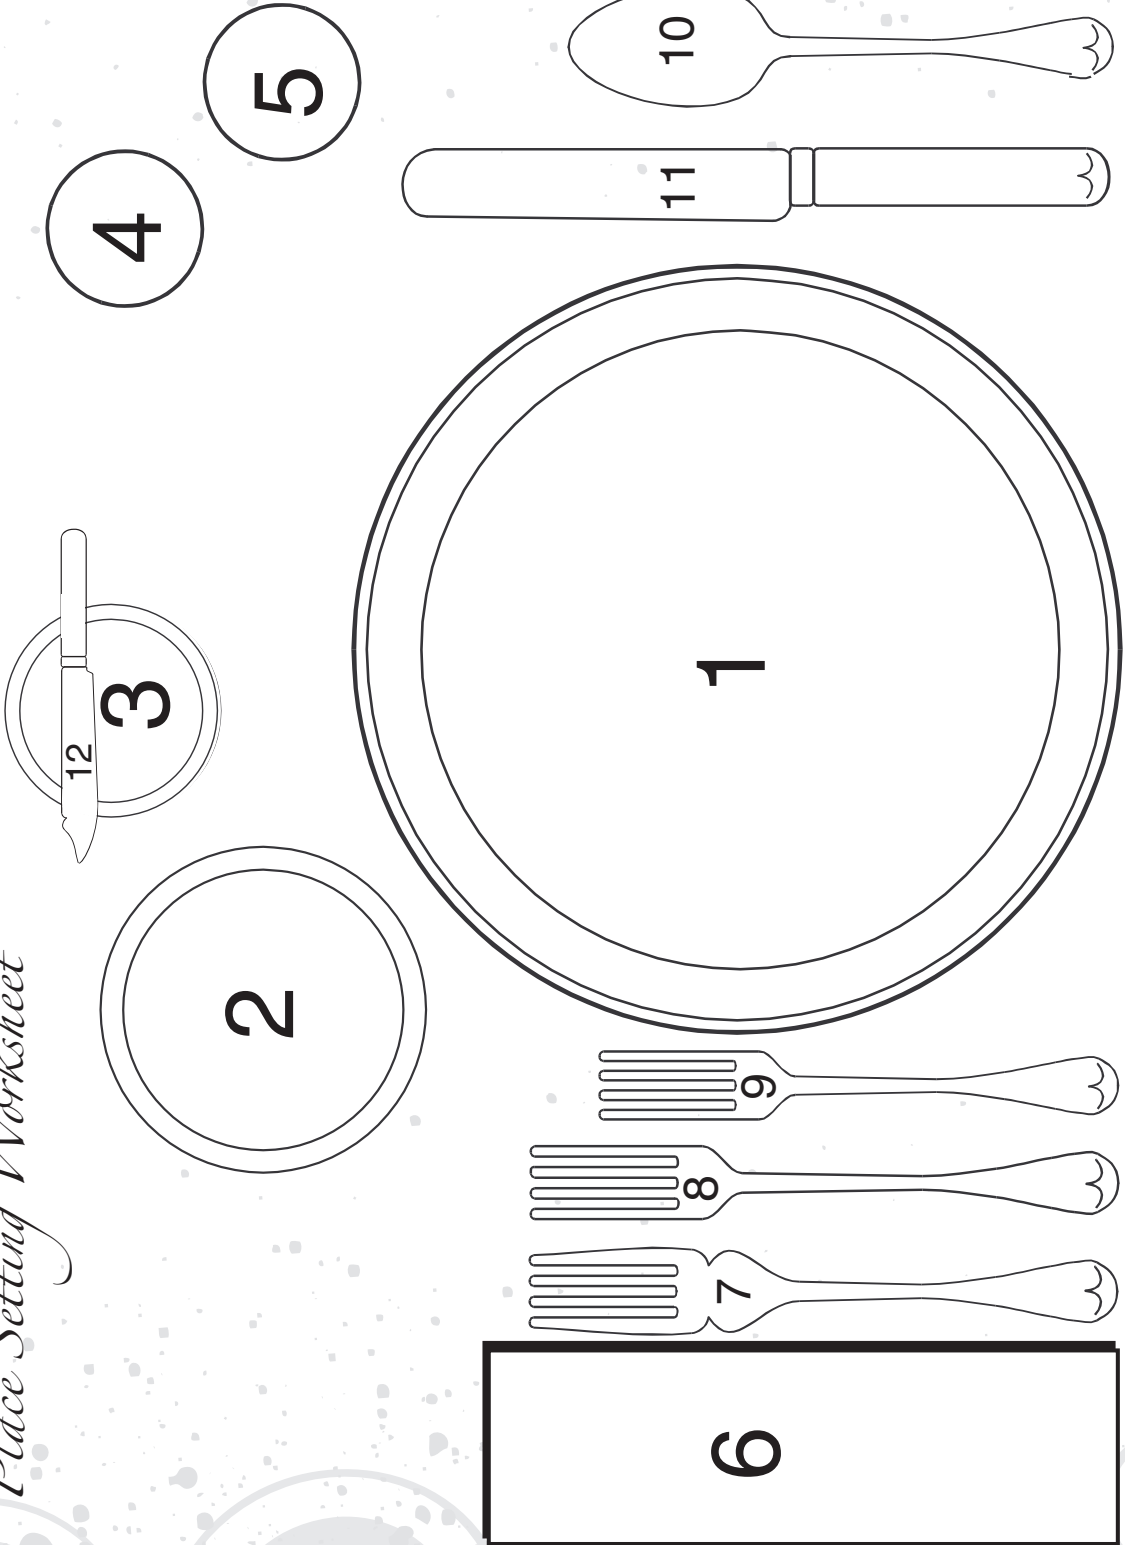

Lord, I want to please you, for you created me. I want to follow after you and become your disciple. You have chosen me to disciple my daughter in your Word, your truth, and your ways. Please guide me and help me to be a Godly role model for my daughter in the choices I make every day. Please use this time together to bring us closer to you and one another as we seek after you, for then we will be blessed and able to bless others.

Amen
